Photographs were then taken of the duty belt belonging to Ofc. Schurr. It was noted that the Taser holster was empty.

Group #3- top of gun holster, O.C. holder, double magazine holder and corresponding belt area.

Photographs were then taken of a Glock 17 Gen S, 9MM (SN: [REDACTED]) duty issued firearm with attached streamlight (SN: [REDACTED]). A swab was taken of the handle area for potential touch DNA.

Lt. Siver removed the spare magazines from the duty belt, as well as the magazine from the firearm. A round count was performed with myself, Lt. Siver, Lt. Forner, Ofc. Schurr, and Ofc.'s Martin, Loeb, and Fyneweaver and MSP Detective/SGT. Raymond Sowa. Photographs were taken and illustrate (17) F.C. 9MM Luger cartridges in spare magazine #1, (17) F.C. 9MM Luger cartridges in spare magazine #2, and (17) F.C. 9MM Luger cartridges in magazine and chamber from firearm. A total of (51) F.C. Luger cartridges were counted, and photographed.

Officer Schurr's uniform was collected by Ofc. Martin in the GRPD men's locker room, and turned over to CST in the training unit.

In the Forensics Unit photographs were again taken of the uniform to include boots. Located in the right front pants pocket were a tourniquet and face mask. Located in the left front pocket were gloves, a rubber band, and Narcan. Photographs were also taken of Ofc. Schurr's ballistic vest with body camera clip.
